

Lac Bay Reef Snorkeling

Try snorkeling in a new Bonaire location!

The Mangrove Info Center now offers guided snorkeling on the untouched reefs of Lac Bay. After an easy five-minute boat ride, roll off the side of the boat, or jump in, and you're on the barrier reef. With very few snorkelers in this area, you'll find beautiful reefs and many different marine creatures.

This program is for experienced snorkelers. Minimum two persons, maximum ten persons, \$42.50 USD per person. Advance reservations are required.
